Boston, Sept. 9. 1871.

Dear Mr. Garrison

Accept my thanks for your note and the photographs which you sent me. I conceived not have sent me anything which I should value more. I do not merit any thanks for attentions to you now as I may able to do but little, and should be glad to do for anyone. He was very manly about it, and desired constantly that the other should be attended to before him. I am glad to learn that he is out of danger, and trust that he will get on without any mishap. Give my regards to him when you see him again.

I have delayed writing you to send you semi-annual a/c, with check for $18.76 to balance, for

which please Lord me your
receipt. I have credited the
Ottawa & Fox River Valley board
at 9s to pay for the
Pullman Stove, though they
are not yet sold. When
sold, your a/c. will be
credited for whatever they
may bring in excess of that
amount. With regard,

Very truly, yours,

W. E.

W. Endicott Jr.
